

Alert System

Vantage Career Center utilizes the Ohio Alerts system as a fast and reliable means of sending urgent information to Adult Education students, staff and the community. It is important that all students and staff acquire an Ohio Alerts account. This can be done by going to the Vantage's Website:

www.vantagecareercenter.com then:

- Click on the Ohio Alerts link
- Click on the Subscribe to Alerts link
- Enter your info and check the Vantage Staff News box and subscribe.

Announcements made through the Ohio Alerts system include, campus emergencies, school closings and important student information and reminders.

Ohio Alerts Texting and Emailing System

Ohio Alerts is a texting and email alerting system maintained by NOACSC for use by Ohio school districts. This allows schools to broadcast messages to anyone who has subscribed to that school's alerts. If you would like more information, please use our [Contact](#) page.
