Beginning Welding

An introduction to welding using both oxyacetylene flame and electric arc. Course includes shop safety, fusion of metals, identification of electrodes and equipment set up. Practice in running beads on flat, horizontal surfaces and joints included

Intermediate Welding

Develop skills with further training and practice with gas and arc on vertical and overhead welding. Increases skills with brazing and cutting, TIG and MIG may be included along with Heli arc welding in all positions.

Advanced Welding

Participants will identify and concentrate on particular welding skills, identifying certifications they wish to achieve and directing efforts and practice towards enhancing and perfecting these skills in a safety-focused, instructor led lab.

Financial Assistance

This program does not qualify for federal financial aid. Tuition assistance may be available through your employer or from Ohio Means Jobs in the county in which you live.

Meet with Enrollment Coordinator

Required of all applicants - Program requirements will be discussed along with costs and pre-requisites.

Submit Program Application

\$30 non-refundable application fee is required

Welding Certifications

Vantage Career Center is an accredited Test Facility for the American Welding Society. With this accreditation we can test, and upon satisfactory completion, grant American Welding Society (AWS) certifications. These certifications are nationally recognized by employers and prove the individual possesses fundamental welding skills and knowledge. AWS tests must be scheduled in advance. AWS tests are not including in the training tuition & fees. Each test has a separate fee listed on the website or available upon request from the Enrollment Coordinator.

NOTE: Costs listed above are estimates.
All costs are subject to change.
