

CERTIFIED NURSING ASSISTANT

This certificate program provides students 80 hours of academic and hands-on training, preparing them to perform primary patient care under the direction of nursing staff in a long-term care facility. The duties of an CNA include but are not limited to, feeding, bathing, dressing, grooming, transporting patients, and changing linens. 80 total hours completed in 4 weeks with daytime and evening classes available. The Ohio Department of Health governs this program.

Admission

- ✓ Students will need a two-step Mantoux test from the Health Department or your doctor's office. The prior test must have been given within the last six months.

Credentialing Information

After completing this program, students will be scheduled to take the state test for long-term care nursing assistants. The test consists of two parts: the written and skills portions. Both must be passed for the student to become an CNA and be placed on the Ohio Nurse Aide Registry.
