What will you discover at the library?

Journaling!

Participants are invited to express themselves and engage with others using writing, artwork, poetry, collage, etc... in journals to be checked out.

Staff—if you would like to volunteer to start an entry, so that no one has to check out a blank journal, please stop in the Media Center.

Book Tasting!

Introduce your students to a variety of genres, authors, and series in a short amount of time.

Instructors—contact the Media Center if you would like your students to participate.

Art Contest!
